

Have Haiku Activated on Your Smartphone

Use Epic via your phone

Get set-up quickly!

Providers can use many Epic functions through Haiku on their phones. These links will get you up and running.

1. Download and install Haiku onto your smartphone. Use the QR codes to the right for iPhone or Android devices.
2. Generate an email to yourself with your Installation ID. Click on the yellow QR code for full instructions.
3. Request access to the PSJ Epic instance using the Haiku access request form, via green QR code. Several items automatically fill. Requests are processed quickly.

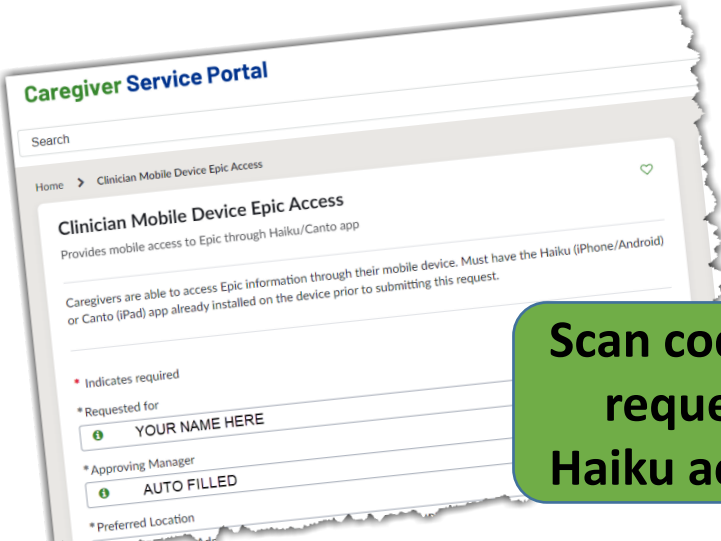

- **Approving Manager:** If this doesn't auto-populate, enter name of local Med Staff Office manager
- **Epic Instance:** ORCA
- **Installation ID:** Click yellow QR code for instructions

How to find Installation ID

Scan code to request Haiku access

Providers should submit request from their own phones
